

Three EVs of Italian Micro-Vett are Now Certified CHAdEMO

Welcome to the club! Micro-Vett's Fiorino, Ducato and Doblo are now CHAdEMO certified, ready for CHAdEMO fast charging. Being founded in 1987, Micro-Vett is specialized in R&D of EVs and their products line is from small cars for city use to medium and larger models. Among other European citizens, in France for instance, Micro-Vett may be well known for yellow Doblo used by the French Post.
